Grab a fresh cup of joe, enjoy breakfast, lunch and dinner on the plaza, and shop for the perfect memento of your time with us.

## discover NEW HARBOR

Ever since The Great Salt Pond became New Harbor almost 120 years ago, the tranquil waters of this incredible natural estuary have become a sought-after safe haven for mariners coming from near and far. Champlin's is one of New England's largest resort marinas and features 4,700+ linear feet of dock space, a 30' harbor depth, and spacious docking facilities, allowing us to accommodate vessels up to 250+ ft.
